Additional Comments:

**\*\* A staff year is a measure of staff effort over a 12-month period. For professional personnel (excluding those holding faculty appointments), civil service staff, and student employees, a staff year is defined as a person in a full-time position working for one year, including vacation. Part-time positions or those that are of less than a year's duration should be counted as the appropriated portion of a staff year. For example, if the normal work week is 40 hours, a position requiring 20 hours work per week would be 0.5 staff years: a position requiring 40 hours per week for nine months would be 0.75 staff years. The institution definition of normal work week should be used for staff year calculations.**
