I. Strategic Forecast

CARL SANDBURG COLLEGE

EXECUTIVE SUMMARY

TO: Board of Trustees, Carl Sandburg College

Community College District #518

FROM: Seamus Reilly, President

SUBJECT: Budget for Fiscal Year 2021

Carl Sandburg faculty and staff have been working to implement key components of the strategic plan and have begun to implement the strategic enrollment initiatives developed in conjunction with an outside consultant. The State of Illinois projections were positive in the early spring, but the impact of the COVID-19 situation means that the state budget will be uncertain as we begin to prepare for FY 2021.

Enrollment continues to be a top priority as it is one way to stabilize the institution. We will continue to explore ways to increase service to our district. In addition, student success and completion is at the forefront of everything we do at the College. Increasing persistence and retention will continue to help stabilize the College's financial situation.

The FY 2021 budget is developed on credit hour projections developed in conjunction with the Instructional Team. Given that two (2) of our three (3) major funding sources are directly affected by the number of credit hours produced in each program, the College's Administration placed a high priority on this aspect of our planning process.

The FY 2021 budget incorporates and reflects recognition of several significant factors:

- 1. The College budget will be adopted in accordance with the modified timeline approved by the Board of Trustees in January 2020.
- 2. Consistent with our assessment process, there is a commitment to look inward on the quality and efficiencies of current programs/activities to determine ways to provide better academic programming and services.
- 3. Our labor agreement remains in place through June 30, 2022, through our commitment to Interest Based Bargaining (IBB) process with the Sandburg Education Association (SEA).

While the College continues to face challenging financial times, we remain committed internally and externally to achieving excellence in all that we do. Above all else, we remain committed to the students we serve.

To the Carl Sandburg College Board of Trustees:

Presented in this document is the Budget for Carl Sandburg College for the fiscal year ending June 30, 2021. The Annual Budget serves as the financial plan for all funds of the College. It has been developed utilizing a comprehensive, quality-enhancing approach designed to make the budget easily understood. We believe the following budget information presents the College's future plans and financial impact and includes information that has been suggested by the Board of Trustees, community members, and staff. All interested parties are encouraged to interact with College administration. Interaction among interested groups consistently leads to operational and educational improvements.

Organizational Summary

Background

Carl Sandburg College was established, by authority of the Illinois Community College Act of 1965, and was approved by voters in a September 1966 referendum. In 2010, The Higher Learning Commission North Central Association of College and Schools continued accreditation for ten years and indicated that fiscal management was a strong asset of the College.

The budget involves evaluating historical information and planning to meet future needs of our district as per our strategic plan. Budget managers have the ability to review all budgets and external audit reports as well as all financial transactions related to their responsibilities in a budget to actual format. With this information and their commitment to teaching and learning, they are able to contribute meaningful information for the budget.

The goal of any strategic planning process is simply to identify current needs and trends of an organization as well as to anticipate future necessities and opportunities. This reflective and proactive approach thereby allows an institution to develop a framework for considering both the current and future opportunities it has. Additionally, it provides a guiding light for everyone in the organization to see and understand where the organization is headed and why. The planning process also allows for formal action plans with measurable objectives to be developed so the organization can determine how best to allocate its scarce resources and also to have a mechanism in place to determine if it has met its goals.

The strategic planning process for Carl Sandburg College has these same goals. Carl Sandburg College has a rich and varied history; however, it has, over time, consistently maintained a strong commitment to its students and to all of the communities it serves. Additionally, it has come to be known as the Sandburg family to its employees. It is with this strong commitment to students, outreach and to each other, this strategic plan was formulated.

Carl Sandburg College Strategic Plan 2019-2024

Strategic Planning Process

The Strategic Planning process for Carl Sandburg College includes an environmental scan, a College community survey, and the determination of the mission statement, current priorities, institutional goals, and core values. As part of the 2019-2024 Strategic Planning process, the College engaged in a community focused strategic planning event. Students, faculty, staff, community members, business partners, and K-12 partners representing the entire district attended the event. The outcome of the event included obtaining comprehensive feedback that provided richness to the environmental scan and strategic insight on how to best meet the needs of the students.

Resulting for the process the following **Mission Statement**, **Core Values** and **Vision Statement** were reaffirmed:

Mission Statement:

The mission of Carl Sandburg College is to provide all students with opportunities for success.

Core Values:

Excellence	Collaboration	Integrity	Respect
------------	---------------	-----------	---------

Vision Statement:

Where dreams come to life, and lives come to change.

Strategic Planning Principles

The results of the Strategic Planning Survey provided five core foundational themes to guide the development of the 2019-2024 Strategic Plan.

- > Creativity
- Collaboration
- **Communication**
- > Quality
- > Inclusivity

Five Strategic Questions to Answer:

- 1. Is the institution meeting the needs of students?
- 2. Are there resources required to support our mission and vision?
- 3. Are the sources and use of funds matched appropriately?

- 4. Is the organization practicing sustainable decision-making? (Are we making decisions for today and ten years from now?)
- 5. Is effectiveness (the right thing to do) and efficiency (doing it right) considered?

Strategic Planning Components

Awareness of current state:

- ➤ Benchmark competitors and guidelines from accrediting bodies
- ➤ Capture college community's insights

Design, Implementation and Assessment:

- > SMART goals: specific, measureable, attainable, relevant and timely
- > Assess progress formally
 - Key Performance Indicators (KPIs) areas of focus:

Annual assessment

➤ Share progress with college community

"In the absence of a strategic plan the budget becomes the strategic plan."

Strategic Planning Process

Environmental Scan

Strengths:

Dedicated faculty and employees;

Technology available to students,

faculty and staff;

Quality education;

Student center organizational

culture;

Community support.

Areas of Improvement:

Update facilities;

Diversity;

Reliance on adjunct instructors; Student guided decision making;

Increase funding opportunities;

Student support options.

Alignment of Priorities

- > Student Access and Success
- > Teaching and Learning
- ➤ Community Alliances
- Operational Sustainability and Excellence

College opportunities:

Quality education provided;

Foundation support;

Collaboration within the institution;

Collaboration with external parties;

Affordability;

Student supports offered.

College threats:

Decreased population of district;

Decreased enrollment;

Economic stress of region;

Increased state and federal mandates.

PRINCIPAL EMPLOYERS

		2019			2010	
			Percentage of Total District			Percentage of Total District
Employer	Employees	Rank	Employment	Employees	Rank	Employment
Smithfield Foods (Farmland)	1,600	1	1.63%	1,350	1	2.03%
Burlington Northern Santa Fe Railroad	1,250	2	1.27%	1,115	2	1.67%
OSF (Galesburg, Monmouth)	856	3	0.87%	1,025	3	1.54%
Dick Blick Art Materials	670	4	0.68%	550	5	0.83%
Galesburg Cottage Hospital	615	5	0.63%	730	4	1.10%
Community School District #205	594	6	0.60%	542	6	0.81%
Hy-Vee Food Stores	578	7	0.59%	525	7	0.79%
Knox County	355	8	0.36%	420	10	0.63%
Carl Sandburg College	342	9	0.34%	454	8	0.68%
Bridgeway/Bridgeway Training	200	10	0.20%			
Methode Electronics				450	9	0.68%
Total	7,060		7.18%	7,161		10.76%

While these are not unique occurrences across the American landscape, when they happen in a sparsely populated, 3,000 square mile community college district, their impact is greatly amplified when:

- 1. Half of our district households earn less than \$25,000 a year.
- 2. Nearly (1/3) of families are eligible for free/reduced lunches.
- 3. 40% of single parent families live in poverty.
- 4. Only 20% of area residents hold bachelor's degrees (34.1% statewide).
- 5. Nearly 12% of adults lack a high school diploma.
- 6. 60% of students in our district are "underprepared" based on the Accuplacer Placement Test placing them in the Developmental (remedial) classes (33% nationally).

Long Range Financial Forecast

The College strategic plan adopted a financial goal of maintaining an operating fund balance equal to 25% of the previous year's adopted operating budget. The College had increased the average operating fund balance over the last several years. This allowed the College to be more adaptable in periods of economic downturn. With the lack of a state budget fund balances drew below the 25% goal in FY 2016 and FY 2017. Starting in FY 2018, state funding was received and reserves are expected to climb in FY2021.

General Funds Projected Fund Balance

The College has constructed the FY 2021 operating budget as conservatively as possible. Still, the College will use fund balance appropriations of approximately \$850,000 in FY 2021 to upgrade technology and extend student services through tutoring efforts.

At year end, unexpended and unencumbered monies held within a particular fund accumulate from year to year and are designated as fund balances. Various reasons can account for the accumulation of fund balances. In some instances, conservative spending of budgeted monies creates a surplus at year-end. In other instances, monies are received in one fiscal year with the intent to be expended in a subsequent year for a particular purpose. This would be typical for a capital construction project that takes potentially longer to complete. Accumulated fund balances are available for appropriation in subsequent years. The graph below reflects the use of general fund balance in FY 2016, due to lack of state funding and a projected recovery of that balance through FY 2021.

Carl Sandburg College General Funds - Projected Changes in Fund Balance Fiscal Years 2021 – 2024

	2021	2022	2023	2024
Beginning Balance	\$ 8,946,296	\$ 7,917,233	\$ 7,008,263	\$ 6,087,400
Revenues	\$ 12,826,636	\$ 12,896,361	\$ 13,084,792	\$ 13,334,721
Expenditures	14,083,819	14,254,677	14,452,366	14,677,902
Revenues Over (Under) Expenditures	\$ (1,257,183)	\$ (1,358,316)	\$ (1,367,575)	\$ (1,343,181)
Transfers	 228,120	449,347	446,711	441,388
Ending Fund Balance	\$ 7,917,233	\$ 7,008,263	\$ 6,087,400	\$ 5,185,608

Transfers in for capital expenditures funded from STEF and Working Cash. Transfers out for student activities.

Budget Development

Planning is a continuous process, which takes place at various management levels of the College and involves students, administrators, faculty, staff and stakeholders in a coordinated effort to constantly improve the College's ability to best serve the residents of the District. Energies focus on stakeholder concerns, community condition, capital asset assessment, debt levels, performance measures and safety.

It is the philosophy of the College, that a balanced budget is a fundamental element of financial accountability. Expenditures for a given year should be no greater than projected resources available. Thus, the first step in the budgeting process is development of a comprehensive revenue estimate. This estimate is extracted from the most recent known data and projections from the five-year forecasting model of assumptions used by the budget committee. Revenue projections are refined as the College progresses through the budget process.

Significant Financial and Demographic Changes

The most critical issues facing the College in the near future are enrollment and property tax base changes. Many factors affect student enrollment including economic factors, financial aid factors, population trends and barriers specific to individual students. The College continues to work diligently to assure that all students apply to receive all financial aid they are qualified to receive. This can include federal funding sources such as Pell Grants, Direct Loans, and/or state monetary award grants. In recent years, these sources have been reduced. The Department of Education rules now state that loans are to be disbursed by the College's Financial Aid Department. The college has seen an 8% increase in the average amount of aid our students receive. Population for the district and the K-12 schools within our district has declined and unemployment rates remain above the state average.

General Funds Revenue

Revenue within each fund is classified according to source: Local Sources, State Sources, Federal Sources, tuition and fees, and other sources (not including Transfers In). The chart below illustrates revenue sources for the FY 2021 budget through the projected FY 2024 budget. In the past, the College has relied on three major sources of revenue for operating — Local Government Sources (property taxes), State Government Sources (ICCB grants), and tuition and fees. Federal Sources reflect grants received and restricted to expenditures for specific purposes. Fund balance appropriations are not included. The FY 2021 budget reflects a conservative approach to state funds.

^{*}Excluding SURS on behalf

^{**}Net of Scholarship Allowances

^{*}Excluding SURS on behalf

Tax Base Trends

Taxes are generated from a general property tax placed upon all real property within the College district. For FY 2021, local tax revenues include taxes levied on property owners for calendar year 2019, payable in June and September of 2020. The taxable value or equalized assessed valuation (EAV) approximates one-third of the market value of the land in the district. The underlying value of this real property has experienced long-term growth of approximately 2% annually.

Economic conditions in the communities served by Carl Sandburg College District 518 are such that many industries have moved from the area. We are also faced with 40% of our district being comprised of farmland. The loss of industry has affected our tax base; however, future possibilities for the community look promising and we anticipate level to small increases in FY 2021-2024.

Property Taxes

The following table illustrates the College's property tax levy rates and EAV over the last fiscal years.

FY	2018	2019	2020	2021	2022	2023	2024
Assessed Valuation	\$ 1,763,267,253	\$ 1,819,707,031	\$ 1,928,400,162	\$ 1,986,252,167	\$ 2,025,977,210	\$ 2,066,496,755	\$ 2,107,826,690
% increase/(decrease)	5.8%	3.2%	6.0%	3.0%	2.0%	2.0%	2.0%
Levy Rate (per \$100 of assessed value)	0.6673 nation per levy year		0.6431	0.64464	0.6431	0.6431	0.6431
% increase/(decrease)	5.6%	-2.2%	-1.4%	0.2%	-0.2%	0.0%	0.0%
Change in tax extension	\$ 1,239,768	\$ 105,486	\$ 529,773	\$ 402,635	\$ 224,883	\$ 260,581	\$ 265,793
% increase/(decrease)	11.78%	0.90%	4.46%	3.25%	1.76%	2.00%	2.00%

State Revenue

The FY 2021 State of Illinois appropriations have been conservatively included in the budget. With less political uncertainty facing the State of Illinois, the College has budgeted a conservative amount of State Appropriations. Should funding become scarce the College is prepared to use its Working Cash fund to finance budgetary shortfalls. However, issues with the COVID19 pandemic could affect the ability of some payers in the county to pay.

Substantially, all employer contributions to the State University Retirement System have been recorded by the State of Illinois on behalf of the individual employers at an actuarially determined rate. These contributions have not been fully funded. The College recognizes the proportionate share of collective pension expense as both revenue and matching expenditure in the financial statements. These amounts are not being shown in the budget.

Tuition and Fee Revenue

• Tuition rates per credit hour will be between 80% and 100% of the College's most recently audited per capita cost (excluding bond and interest payments) per board resolution in January 2008. Tuition is expected to decrease due to the ongoing COVID19 pandemic.

General Funds Expenditures

The rolling salary agreement in effect through FY 2022 allows the College to project known salary increases. FY 2021 includes a 2.75% increase in salaries. As medical costs continue to increase, the administration, in an effort to operate knowing maximum costs, changed the employee health insurance to a wholly funded plan, which began January 1, 2006. This enabled the College to budget with known costs for the balance of calendar year 2020 of \$10,800 per full-time employee. College scholarships for students have been budgeted based on prior actual figures as tuition revenue and student service other expense at \$625,000.

General Funds Expenditures cost per credit hour

	Certified	Ed/O&M	Cost per			
	Credit	Operating	credit			
	Hours	Expenses	hour			
2019	35,282.0	\$ 12,832,608	\$ 363.72			
2018	35,696.5	\$ 12,665,181	\$ 354.80			
2017	36,862.5	\$ 13,382,906	\$ 363.05			
2016	37,747.8	\$ 13,578,896	\$ 359.73			

Projected General Funds Expenditures

- Projected expenditures reflect the known 2.75% negotiated increase in salary in FY 2021. FY 2022 is shown with a negotiated rate of 2.75%. Small projected retirements are also shown.
- Benefits reflect a 5% increase annually to cover potential health insurance increases, possible contributions to SURS and a potential decrease in full-time employees.
- Contractual services and general materials and supplies are adjusted by 1.5% annually for a cost of living adjustment.
- Utilities assume a 3% increase in FY 2021. The College has locked in electric rates by extending our contract through November 2022.
- All other expenses are assumed to remain flat.
- State on behalf payments to SURS are not shown in the budget.

Student Enrollment Trends

We serve a diverse group of students. In the fall of 2019, the College enrolled 1,925 students, with an average age of 22 years. Women represented 64 percent of the student body and 56 percent of the student body were part-time students. Many students balance the demands of College with work and family responsibilities.

The following table illustrates enrollments and total credit hours for FY 2018-2019, and projected information for FY 2020, 2021, 2022, 2023 and 2024.

			Estimated	Projected	Projected	Projected	Projected
Fiscal Year	2018	2019	2020	2021	2022	2023	2024
Fall College Enrollment	1,947	1,860	1,925	1,964	2,003	2,043	2,084
Annual Full-time equivalent students	1,201	1,177	1,194	1,218	1,242	1,267	1,292
Continuing Education CH	673	718	725	732	740	747	755
Total Annual CH	36,020	35,282	35,811	36,527	37,258	38,003	38,763

The College has the resources required to serve student enrollment. We have demonstrated our ability to serve increasing enrollments due to dislocated workers but also acknowledge those students have completed their education and reentered the workforce.

Enrollment Data

Historically, most employment in the Carl Sandburg College district had been in manufacturing and farming. However, our district has experienced continued economic stress with the loss of several manufacturing plants over the last several years.

- New programs are being designed to meet potential employment opportunities within our district.
- The administration estimates that currently 20% of our full-time students are participating in our athletic programs. The College has recently added Men's and Women's Golf, Cross Country, Soccer and E-Gaming to meet our students' interests.
- Baccalaureate/Transfer enrollment will continue to be steady to small growth. There can be significant savings in completing general education requirements through the community college and then transferring to complete your degree. Projections show a slight decrease followed by a recovery.
- The Enrollment Management commission has also been established to develop a comprehensive enrollment management program. Implementation will increase recruitment and retention. Initial calculations show FTE students increasing an average of 1% annually over the next four years. For budget purposes, a more conservative 0 1% increase is shown.

Aggregated Data Not reported to IPEDS

	Notes
Registered	Anyone within the specified term who was ever registered in an undergraduate level (UG) class with a credit hour value greater than zero.
1st Day	Anyone from the Registered group who is actively registered in at least one of their classes on the first day of that class.
10th Day	Anyone from the 1st Day group who is actively registered in at least one of their classes on the 10th day of that class.
Mid-Term	Anyone from the 10th Day group who is actively registered in at least one of their classes on the midterm date of that class.
Final	Anyone from the Mid-Term group who is actively registered in at least one of their classes on the final day of that class regardless of final grade.
Retained	Anyone from the Final group who is actively registered in at least one of their classes on the 10th day of the same term in the next year.

Aggregated Data Not reported to IPEDS

Registered Anyone within the specified term who was ever registered in an undergraduate level (UG) class with a credit hour value greater than zero. 1st Day Anyone from the Registered group who is actively registered in at least one of their classes on the first day of that class. 10th Day Anyone from the 1st Day group who is actively registered in at least one of their classes on the 10th day of that class. Mid-Term Anyone from the 10th Day group who is actively registered in at least one of their classes on the midterm date of that class. Final Anyone from the Mid-Term group who is actively registered in at least one of their classes on the final day of that class regardless of final grade. Retained Anyone from the Final group who is actively registered in at least one of their classes on the 10th day of the same term in the next year.

Personnel Resource Allocations

The College continues to evaluate positions and responsibilities in order to maintain an effective and efficient learning process. Faculty represents the number of employees in instruction for the College. This is currently projected to be 54% of the College workforce. Administration includes primary officers of the College including the President, Vice Presidents, Associate Vice President, CFO, Deans of the instructional divisions of the College, and Directors of non-academic divisions or major departments of the College. Mid-Management personnel have consistent exercise of discretion and judgment in performing support activities. This category also includes technical staff. Classified staff includes clerical and physical plant employees.

Personnel FY 2021

			Projected		
Fiscal Year	2018	2019	2020	2021	
Faculty					
Full-Time	43	41	42	43	
Part-Time	91	94	97	97	
Subtotal	134	135	139	140

Part-Time	2	2	2	2	
Subtotal	44	41	36	37	
GRAND TOTAL	257	255	253	259	

- In the past five years, faculty have been able to serve the fluctuation of the number of students by adjusting the number of part-time instructors and class sizes.
- The President's Cabinet now monitors all non-instructional hiring in an effort to use College resources in the most conservative way and to ensure that requests for replacements are essential to College operations.

Personnel Resources

Carl Sandburg College is committed to its employees. Our faculty and staff are paramount to our mission to provide all students with opportunities for success. The College dedicates approximately 71% of the operating budget to salaries and benefits. Total general fund salaries include 50% for direct instruction and 13% for student services salaries. This critical investment in people equates to a total of 42 full-time and 97 part-time faculty in FY 2020 and projected 43 full-time and 97 part-time faculty in FY 2021.

The workforce is determined by projected student enrollment and curriculum requirements. With the concentration on meeting the changing needs in our community to provide quality education, the College continues to search for professional, skilled employees.

Acknowledgments:

We would like to express our appreciation to the Board of Trustees for their continued interest in planning and conducting the fiscal operations of the College in a responsible and accountable manner.

Respectfully submitted,

By: s/s Cory Gall

II. Resource Allocation

Budget Development

Planning is a continuous process, which takes place at various management levels of the College and involves students, administrators, faculty, staff and stakeholders in a coordinated effort to constantly improve the College's ability to best serve the residents of the District. Energies focus on stakeholder concerns, community condition, capital asset assessment, debt levels, performance measures and safety.

Major programs are:

- **Instruction** consists of those activities dealing directly with the teaching of students. It includes the activities of faculty in the baccalaureate-oriented/transfer, occupational-technical career, general studies, and remedial and ABE/ASE programs (associate degree credit and certificate credit). It includes expenditures for department chairpersons, administrators, and support staff for whom instruction is an important role. It also includes all equipment, materials, supplies, and costs that are necessary to support the instructional program.
- Academic Support includes the operation of the library, educational media services, instructional materials center, and academic computing used in the learning process. Some other activities include tutoring, leaning skills centers, and reading and writing centers.
- **Student Services** function provides assistance in the areas of financial aid, admissions and records, placement, testing, counseling, and student activities.
- **Public Service/Continuing Education** consists of noncredit classes and other activities of an educational nature, such as workshops, seminars, forums, exhibits, and the provision of college facilities and expertise to the community designed to be of service to the public.
- Auxiliary Services provides for the operation of the cafeteria, bookstore, student organizations, athletics, and other related activities. Activities included in Auxiliary Services should be selfsupporting.
- Operation and Maintenance of Plant consists of housekeeping activities necessary in order to keep the physical facilities open and ready for use. Maintenance of plant consists of those activities necessary to keep the grounds, buildings, and equipment operating efficiently. This function also provides for plant utilities as well as equipment, materials, supplies, fire protection, property insurance, and other costs that are necessary to support this function.
- **Institutional Support** includes expenditures for central executive-level activities and support services that benefit the entire institution. Examples include expenses for the governing board, administrative data processing, fiscal operations, legal services, public relations, etc.

Strategic Priorities

Carl Sandburg College Strategic Plan 2019-2024

Priorities: Areas of focus taking precedence in an environment of limited resources

Strategic Plan

A. Student Access and Success

- 1. Advance equitable access, engagement, and success of all students.
 - 1. Provide institutional leadership that integrates inclusion in all aspects of the College.
 - 2. Champion engagement with external partners and stakeholders.
 - 3. Provide academic and co-curricular opportunities that facilitate inclusivity.
- 2. Implement strategies as determined by the student's voice.
 - 1. Build student support structures that respond to individual student's needs while maintaining quality.
 - 2. Create avenues in which current and potential students can provide the college input on their needs.
 - 3. Advance connections between students and college personnel.
- 3. Increase the retention, persistence, and completion of an inclusive student body.
 - 1. Expand efforts to attract a diverse student population.
 - 2. Enable the student experience to flow seamlessly from recruitment through completion.
 - 3. Create learning opportunities through community partnerships.
 - 4. Expand efforts to provide financial support for students.
- 4. Advance equitable access, engagement, and success of all students.
 - 5. Provide institutional leadership that integrates inclusion in all aspects of the College.
 - 6. Champion engagement with external partners and stakeholders.
 - 7. Provide academic and co-curricular opportunities that facilitate inclusivity.

B. Teaching and Learning

- 1. Ensure the quality of educational programs, learning environments, and support services through continuous improvements.
- 2. Develop and cultivate industry-specific partnerships to expand the breadth of offerings at Carl Sandburg College.
 - a. Establish an understanding of how stakeholders define quality.
 - b. Cultivate a comprehensive understanding of student and community needs.
 - c. Respond timely to district needs.
 - d. Utilize partnerships to increase the variety of educational offerings throughout the district.
- 3. Implement an enhanced student experience that results in greater opportunities for employment.
 - a. Adapt student pathways through accessibility, program flexibility, and course availability.

- b. Sustain a comprehensive understanding of the labor market's needs.
- c. Expand efforts to provide transition services to employment for students.
- 4. Increase flexibility of course delivery using technology.
- 5. Create environments for students that nurture engagement.

C. Community Alliances

- 1. Broaden dynamic connections with stakeholders: students, alumni, K-12 programs, community members and business partners through targeted communication.
- 2. Bolster education opportunities using off-site/partner locations throughout the district.
- Deliver consistent dual credit programs, which provide students access to college services and support.
- 4. Strengthen partnerships with four-year colleges and universities.
- 5. Meet training needs of college district and region.

D. Operational Sustainability and Excellence

- 1. Promote an environment of understanding between the college and stakeholders.
 - 1. Amplify institutional standards and practices to streamline internal and external communication.
 - 2. Provide targeted and timely communication.
 - 3. Expand information sharing practices.
 - 4. Establish communication methods that promote the free exchange of ideas from stakeholders.
- 2. Attain an institutional culture of integrated problem-solving.
 - 1. Develop an avenue to identify and discuss cross-departmental problems/issues.
 - 2. Empower "problem-solving" teams to implement and assess continuous improvement efforts.
 - 3. Advance the use of data in the institutional culture for decision-making.
- 3. Strengthen human resource capital.
 - 1. Administer a competitive compensation program that enables the College to attract and retain a quality workforce.
 - 2. Execute strategies focused on employee retention.
 - 3. Cultivate a commitment to inclusivity in hiring.
 - 4. Ensure professional development opportunities for college employees.
- 4. Assure the innovative use of resources.
 - 1. Maintain a sustainable budget that fully meets the College's needs and responsibly uses the resources of the district.
 - 2. Obtain new grant funding and maintain ethical stewardship of grant money.
 - 3. Maintain and refresh high-quality facilities and grounds that support innovation, teaching, and learning.
- 5. Assure compliance with accrediting bodies and governmental agencies.

Institutional Key Performance Indicators

Carl Sandburg College Strategic Plan 2019-2024

A. Student Access and Success

- 1. Increase the retention rate to 65% for full-time, first-time degree or certificate seeking students through September 30, 2024.
- 2. Increase the retention rate to 37% for part-time, first-time degree or certificate seeking students through September 30, 2024.
- 3. Increase the graduation rate to 32% for full-time, first-time degree or certificate seeking students within 150% of the normal time of program completion through September 30, 2024.
- 4. Increase the transfer-out rate to 27% for full-time, first-time degree or certificate seeking students within 150% of the normal time of program completion through September 30, 2024.

B. Teaching and Learning

- 1. Document program outcomes in college documents by September 30, 2024. Review and/or update all course briefs to include GEOs as outcomes. Review all existing programs for program level outcomes. Ensure that all program level outcomes are published in the catalog.
- 2. Assessment results will be shared, in the form of data and best practices, annually at institutional, departmental, and program level venues through September 30, 2024.
- 3. Document and report co-curricular activity across the campus through September 30, 2024.

C. Community Alliances

- 1. Establish a benchmark of customer service satisfaction from community members by September 30, 2020.
- 2. Construct guided pathways for career, technical and health care professions by September 30, 2020.

D. Operational Sustainability and Excellence

- 1. Increase paid credit hours generated by 6% annually, using FY 19 as a baseline, by September 30, 2024.
- 2. Maintain an annual operating balance of 25% of previous year's budget annually through September 30, 2024.
- 3. Maintain a cash balance of 60 operating days annually through September 30, 2024.
- 4. Generate \$250,000.00 in grant dollars through community, stakeholder, and external partnerships for student success initiates through September 30, 2024.
- 5. Remain at 100% compliance with all accrediting bodies and governmental agencies annually through September 30, 2024.

Department/Program KPIs

Bepartment/
Program (PIs

Institutional KPIs

Strategic Plan

Mission

Department and programs specific KPIs are created to support institutional KPIs, the Strategic Plan and the institution's Mission.

Assessment Design

Institutional, departmental, and program KPIs are reviewed intermittently throughout the fiscal year. Progress is shared at corresponding department meetings, instructional team meetings, faculty assembly meetings, and administration team meetings. Best practices and required changes are incorporated into revised KPIs.

Student Access and Success

- Dual Enrollment Pell Grant Experiment
 - Carl Sandburg College was selected as one of only 44 postsecondary institutions in the country to take part in an experimental program from the US Department of Education that allows dual enrollment students to access Federal Pell Grants during their high school careers. Pell grants are awarded to low-income students and do not have to be repaid. During the 2018-2019 academic year, 568 students from 15 high schools in Sandburg's district were enrolled in dual credit courses. According to www.illinoisreportcard.com, 12 of the 15 high school districts within Sandburg's district have more than 40 percent of their students classified as low-income.
 - o The College's objectives as part of the plan are to:
 - Expend access to dual enrollment courses for low-income, first generation students
 - Increase postsecondary education enrollment for students who participate in the dual enrollment program
 - Increase persistence rates for students in the program
 - Increase collaboration with high school district partners
 - Research shows that participation in dual enrollment courses can lead to better grades in high school, higher rates of persistence in college, greater credit accumulation and increased rates of credential attainment.

- The College has also embedded an Associate in Arts degree in a local high school with interest in expanding to additional district high schools.
- The Carl Sandburg College Tutoring Program is a fantastic, free resource for all Carl Sandburg College students. Through tutoring, our goal is to provide friendly, accessible academic assistance in all subject areas. Tutoring is available primarily on a walk-in basis, though students can call ahead to schedule an appointment.
 - Students have access to tutoring any day, any time with Brainfuse. If you have internet
 access and a Carl Sandburg College student email account, you can take advantage of
 this resource.
 - Online tutoring is free, one-on-one, real-time tutoring via your computer, tablet, or smart phone. Brainfuse records your documents and tutoring sessions, so they are easily accessible as study notes later, or sent to your instructor. Best of all, it is a tutoring service that conforms to *your* schedule—even if that means you are getting tutored at 3 AM! Brainfuse also offers skill building exercises, video tutorials, practice tests, and much more.
 - o In addition to Brainfuse online tutoring, Skype sessions with tutors at the Galesburg campus's Tutoring Center are available by arrangement.

Teaching and Learning

Changing the traditional classroom structure has allowed team-based learning environments.
Rather than a traditional desk and chair setup, the classroom has students arranged in "pods"
with comfortable, living room style chairs. Students like the relaxed setting and the discussion
aspects. Students are engaged.

• Some classes are not utilizing a textbook. The College Open Education Resource Course Initiative (OERCI) is looking to save the student money and still provide quality education.

Operational Sustainability and Excellence

• Technology in academic programs continues to expand. The biology lab is using a MiPlatform, a device that mounts smartphones to microscopes. The instrument allows students

- to see the same image on a larger screen at the same time rather than taking turns on the same microscope or using several microscopes for the entire class.
- Telepresence robots, which look like iPads mounted on small Segway self-balancing, battery powered machines, are making distance learning easier, clearer and more realistic for online students. The remote student simply connects to the robot via a smartphone, desktop computer or tablet using a Chrome browser. This allows the remote students to roam across a classroom, listen in to conversations, "sit" at a table and participate in group projects. The learner's image and voice are broadcast from a screen on the robot.

• The One Button Studio allows students and staff an area to easily record video and audio. The content is stored on a flash drive in an mp4 and mp3 format. One Button Studio provides high quality video and audio at the push of a button.

Financial Section

Overall Budget Summary

The College budget is primarily a communications document, presenting the College's financial plans to the residents of the District in a reasonably compact but informative format. The budget represents our efforts to control expenditures while still maintaining the quality of education, technological foresight, and responsiveness to community educational needs. Shown below is the projected consolidated financial overview of the College for FY 2021.

CARL SANDBURG COLLEGE SUMMARY OF FISCAL YEAR 2021 FINAL BUDGET

Budgeted Operating Revenues	\$ 7,129,295
Budgeted Operating Expenditures	(33,732,138)
Budgeted Operating Loss	\$ (26,602,843)
Budgeted Nonoperating Revenues	\$ 25,426,796
Budgeted Nonoperating Expenditures	 (110,991)
Budgeted Net Nonoperating Expenditures	\$ 25,315,805
Budgeted Decrease in Net Assets	\$ (1,287,038)

At year end, unexpended and unencumbered monies held within a particular fund accumulate from year to year and are designated as fund balances. Various reasons can account for the accumulation of fund balances. In some instances, conservative spending of budgeted monies creates a surplus at year end. In other instances, monies are received in one fiscal year with the intent to be expended in a subsequent year for a particular purpose. This would be typical for a capital construction project that takes potentially longer to complete. Accumulated fund balances are available for appropriation in subsequent years.

General Funds

General Funds Narrative

The General Funds consists of two individual "sub-funds" – the Education Fund and the Operations & Maintenance Fund. These funds are used to account for all revenues and expenditures related to the educational functions of the College. Revenue for the General Funds is derived from the following sources: Local Government, State Government, Tuition and Fees, and Other Sources of Revenue.

Education Fund

One "sub-fund" of the General Funds is the Education Fund. The Education Fund is used to account for the revenues and expenditures of the academic and service programs of the College. It includes the cost of instructional, administrative and professional salaries, supplies and movable equipment, library books and materials, maintenance of instructional and administrative equipment and other costs pertaining to the educational programs of the College.

Operations and Maintenance Fund

The Operations and Maintenance Fund (O&M) is also a general funds type. The O&M Fund is used to account for expenditures for the improvement, maintenance, repair, or benefit of buildings and property, including the cost of interior decorating and the installation, improvement, repair, replacement, and maintenance of building fixtures; rental of buildings and property for community college purposes; salaries of maintenance and custodial employees; all costs of fuel, lights, gas, water, telephone service and custodial supplies and equipment.

^{*}Excludes State of Illinois SURS on-behalf payments

Instruction represents 46% of the General Funds budget. This proportion is comparable to the state average of 42%. The second largest category, Institutional Support, represents 21% of the budget compared to 22% for the statewide average. (Source: ICCB FY 2018 Audited Operating Expenditures by Function Table in the Data & Characteristics Report).

Salaries and benefits represent 72% of the General Funds budget, compared with a statewide average of 77% (Source: FY 2018 ICCB Audited Operating Expenditures by Object Table in the Data & Characteristics Report).

Special Revenue Funds

Special Revenue Funds Narrative

The Special Revenue Funds consists of four individual "sub-funds" - the Restricted Purpose Fund, the Audit Fund, the Liability, Protection & Settlement Fund and the Quasi-Endowment "SILO" Fund. The Restricted Purpose Fund is not reflected in detail in this budget since all revenues are received through grants and legally restricted to expenditures for specific purposes. Revenue for the Special Revenue Funds is derived from the following sources: Local Government, State Government, Federal Government and Other Sources of Revenue.

Audit Fund

The Audit Fund is used to record revenues and expenditures related to the annual audit. The College levies property taxes for this expense. Each year, the College retains the services of an external independent audit firm to perform the audit and compile related reports and statements. In the winter of 2020, an RFP for audit services was conducted. After reviewing experience, timeliness and cost, our current partner for audit services was renewed. Revenue is derived mainly from property taxes budgeted at \$95,465 for FY 2021.

Liability, Protection, and Settlement Fund

The Liability, Protection & Settlement Fund (LP&S) is used to record revenues and expenditures related to protection of the District's assets. The fund receives property tax revenue for the portion of the annual levy associated with tort liability and insurance. The fund also earns interest on its investments.

Quasi-Endowment "SILO" Fund

The Quasi-Endowment "SILO Fund" is used to generate interest income to be placed under the tutelage of the Vice President of Academic Services, who will in turn work with the College's Instructional Team to prioritize the use of these funds to launch new "SILOS of Opportunity".

The establishment of the "SILO" Fund was accomplished by transferring existing fund balance from the Education and O&M Funds and accumulated interest from the Working Cash fund.

Debt Service Fund

Debt Service Fund Narrative

The Debt Service Fund consists of the Bond and Interest Fund. It accounts for the accumulation of resources for and the payment of debt principal, interest, and related costs. The College has used the issuance of general obligation bonds to finance capital projects, energy savings, and to establish a Working Cash fund. Refunding bonds have also been used to take advantage of lower interest rates.

FY 2010 saw the College issued \$2,000,000 of General Obligation Bonds to increase the Working Cash Fund. With State payments delinquent by in excess of 180 days, and little prospects of improvement in the new term, the College determined to issue Working Cash Bonds to provide an additional cushion in its reserves, and retain the ability to internally cash flow the operations without interruption.

FY 2010 also allowed the College to issue \$5,895,000 of General Obligation Refunding Bonds during a highly favorable interest rate environment. The College was able to issue these bonds and deliver to residents a net neutral tax result.

Again in December 2010, the College issued \$2,500,000 of Taxable General Obligation Bonds to increase the Working Cash Fund to the legal limit.

In addition, \$1,610,000 General Obligation Refunding Bonds were issued to refund the District's outstanding General Obligation Bonds, Series 2001A.

FY 2013 included issuing General Obligation Bonds, Series 2012A in the amount of \$5,100,000. Funding was for the HVAC and water heater replacements and refunding a portion of the Series 2004B bonds. This refunding helped maximize the net debt service savings and manage the College's total tax rate.

With refunding of existing debt obligations in FY 2015 and FY 2016, the college was able to generate debt service savings of approximately \$1,000,000.

In FY 2019 the College issued \$2,920,000 General Obligation Refunding Bonds to refund the District's outstanding General Obligation Bonds, Series 2009 and 2010. Favorable interest rates resulted in net savings of \$51,000 without a significant change to the tax rate.

Legally, the College is not allowed to have debt in excess of 2.875% of the District's EAV, or an estimated \$52,316,577. The current general obligation debt of the College is \$16,700,007. Therefore, the amount of debt available to be issued is the difference between these two numbers or the legal debt margin of \$35,616,570. Debt limitations will factor into future possibilities, although the College goal is to pay down its debt with the total debt service being retired in the coming five-year period.

DebtAdministration

Debt of the College is comprised of General Obligation Bonds and Capital Leases. The bond payments are funded through the tax levy. The FY 2021 budget anticipates no new debt issued, to reflect a 21% decrease in outstanding principal.

Capital Projects Fund

Capital Projects Fund Narrative

The Operations and Maintenance Fund (Restricted) and The Capital Endowment Fund make up the Capital Projects Fund. These funds account for financial resources to be used for the acquisition or construction of major capital facilities and technology enhancements. Capital assets include property, equipment, and infrastructure assets, such as roads and sidewalks. The College defines capital assets as assets with an initial unit cost of \$5,000 or more and an estimated useful life in excess of two years. Such assets are recorded at historical cost. Donated capital assets are recorded at estimated fair value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed. Revenue for the Capital Projects Funds is derived from Local Government and Other Sources of Revenue. These two sources are independent of our operating budget. With the establishment of the STEF fund, we have been able to enhance technology through the use of accumulated interest income.

Capital Improvements

The College is constantly assessing its future needs and making improvements. With the understanding of the intended future of the college and under the guidance of college leadership, master planning was executed by means of four steps:

- 1. Assess gaps between existing capacity and design of campus buildings, grounds, and infrastructure and those required to fulfill the College's vision.
- 2. Create development concepts that meet college goals and future capacity needs through improvement of campus land use, open space and circulation.
- 3. Synthesize initial concepts into a cohesive campus-wide master plan.
- 4. Implement campus master plan through identification of general phasing and campus improvements.

Recommendation include strategies to improve overall building space utilization, improve quality of interior circulation between buildings, location of a future auditorium site, invite access by creating additional "community" entries to campus, preserving and enhancing historic views to the lake, and improving ease of access by creating key gateways from the road to main building entries. The master plan presents a comprehensive, feasible, and flexible development plan to guide the college in creating a physical environment that supports a vibrant learning community of students.

Capital projects planned during FY 2021 include:

			Funding Source
Campus Improvement Plan	\$	15,000	accumulated interest earnings
Main Campus - CME Roof Repairs	\$	357,000	Protection, Health, Safety Levy
Main Campus - CME Access Sidewalk	\$	208,000	Protection, Health, Safety Levy
Main Campus - Vestibule Replacements	\$	325,000	Protection, Health, Safety Levy
Main Campus - Server Room Replacement	\$	42,000	Protection, Health, Safety Levy
	\$	947,000

Proprietary Fund

Auxiliary Enterprise Fund Narrative

The Auxiliary Enterprise Fund is used to account for college services where a fee is charged to users or allocated to the specific use from revenues and the activity is intended to be self-supporting. Each enterprise/service should be accounted for separately using a group of self-balancing accounts within the fund. Included in this fund are the Auto Mechanics, Food Service, Bookstore, Athletics, and Dental Hygiene Clinic.

Carl Sandburg College Auxiliary Fund-Projected Fund Balance

Fund equity end of year	\$	226,960	\$	220,017	\$	6,943	3.16%

Management continues to monitor each area to determine feasibility to continue the program. There is consensus that some programs will run with a deficit and be subsidized with other sources.

Nonexpendable Trust Fund

Working Cash Fund Narrative

The Working Cash Fund was established for the purpose of enabling the district to have on hand at all times sufficient cash to meet the demands for ordinary and necessary expenditures. Bonds may be issued, without voter approval, in an amount or amounts not to exceed in the aggregate 75% of the total tax extension from the authorized maximum rates for the Education Fund and the Operations and Maintenance Fund combined, plus 75% of last known corporate personal property replacement tax allocation.

This fund is used to account for the proceeds of working cash bonds. By making temporary transfers, the Working Cash Fund is used as a source of working capital by other funds. Such temporary transfers assist operating funds in meeting the demands for ordinary and necessary expenditures during periods of temporary low cash balances.

The College currently shows a principal balance of \$8,183,720, which is invested in staggered maturities to insure liquidity and follows the board's Investment Policy. Interest earned in this fund may be transferred to the General Fund with Board approval. The transfer of interest has become an important source of college revenue.

Working Cash Fund Projected Fund Balance

Revenue for this fund is derived solely from investment earnings. For FY 2021, these earnings are projected to decrease due to changes in interest rates related to the COVID19 pandemic.

III. Performance

Check Performance

The primary focus for the FY 2021 budget is dedicated to student success. This begins with recruitment and continues as the student enrolls, attends classes and receives assistance if needed in pursuit of their education. The allocation of resources reflects the dollars for instruction and student support services. The college has also established funds to maintain and enhance technology to meet students varying levels of ability. Performance indicators have been established to assist in evaluating progress toward institutional goals.

Budget and Financial Summaries for 2018-2020

A balanced budget is a fundamental element of financial accountability. Expenditures in excess of revenues must be covered with accumulated fund balance. This has been budgeted by using STEF funds to cover technology enhancements. Actual expenditures have not exceeded revenues.

^{*} without gain (loss) on disposal of assets

^{*} without gain (loss) on disposal of assets

Revenues have typically been within 90% of budgeted amounts with expenditures staying below 100% of budgeted numbers.

In fiscal year 2016, actual operating expenditures were in excess of revenue. This was a result of lack of state funding.
