### LPN to RN Articulation - Associate Degree Nursing Program – Admission Selection Points Worksheet

The LPN to RN Articulation Program has limited enrollment and a selection process for admission into the Program. After all admission eligibility requirements for placement into the selection pool have been satisfied and applicant has applied online for the LPN to RN Articulation into Associate Degree Nursing Program, the Nursing Program uses the following point system for selection into the program. Top scorers receive conditional admission in ranking order based on seats available. We place all other eligible applicants on an alternate list in ranking order. If students have the same total point count, we will rank according to the date/time that the Nursing application was submitted.
