## Radiologic Technology Program – Admission Selection Points Worksheet

The Radiologic Technology Program has limited enrollment and a selection process for admission into the Program. After all admission eligibility requirements for placement into the selection pool have been satisfied and applicant has applied online for the Radiologic Technology Program, the Radiologic Technology Program uses the following point system for selection into the program. Selection goes in ranking order based on cooperative agreement seats available. We place all other eligible applicants on an alternate list in ranking order. If students have the same total point count, we will rank according to the date/time that the Radiologic Technology application was submitted.

**Applicant Name:** \_\_\_\_\_ **Sandburg Student ID:** \_\_\_\_\_ **Date:** \_\_\_\_\_

(309) 341 – 5237.</p> </div>																																					

## **INSTRUCTIONS/NOTES FOR EACH SECTION**

- A. Points based on your valid ACT, SAT, or TEAS score. If an SAT or ACT score is below a 960 or 21, a *TEAS exam must be taken*. **Note: TEAS scores are valid for 2 years. SAT and ACT scores are valid for 5 years.**
- B. Points given based on the completion and return of technologist interview questionnaire form. This is not a requirement and is used for point calculation only. **\*The technologist interviewed must be currently working in the field. Technologist questionnaire must be returned via fax/email by the employer of the technologist in order to receive points.**
- C. The point value you select should be based on the highest grade you received in the specified course. MAT 109/110, MDT 100, CHM 100/PHY 151, BIO 205 or BIO 211/212, are Carl Sandburg College course numbers. See the Carl Sandburg College Course Catalog for course descriptions. **(Please note: if the student chooses to take BIO 211, they must also successfully complete BIO 212 to receive conditional acceptance.)** Admission is offered to the top scorers in ranking order in each college district based on seats available. We place all other applicants on an alternate list in ranking order. **\*All science courses must not have been taken more than (7) years prior to the time of application.**
- D. This is where the points earned in sections A-D are totaled.

***Minimum of 10 points required for admission.***

- Student must have evidence of satisfactory academic progress in order to be eligible for financial aid consideration for the program (if a student is on suspension from Carl Sandburg, they are not eligible).
