

**Health Professions
Radiologic Technology Program – Admission Selection Points Worksheet**

The Radiologic Technology Program has limited enrollment and a selection process for admission into the Program. After all admission eligibility requirements for placement into the selection pool have been satisfied and applicant has applied online for the Radiologic Technology Program, the Radiologic Technology Program uses the following point system for selection into the program. The maximum number of points is 25 points for BIO 205 or maximum number of points is 27 for both BIO 211 and BIO 212. (**Please note: if the student chooses to take BIO 211, they must also successfully complete BIO 212.**) Conditional admission is offered to the top scorers in ranking order in each college district based on seats available. We place all other applicants on an alternate list in ranking order.

- Rank all TEAS (AIS) scores at or above 58
 - **Anyone with a TEAS (AIS) score below 58 will not be considered for admissions**
