

Addendum #1 – Shuttle Buses

Here are the items for the addendum to the shuttle RFP:

1. This request is for a bid to purchase 2 shuttles. Items 77 and 78 in the original bid specifications refer to a lease agreement. These items will be waived.
2. The original bid specifications list a delivery date of 7/1/2024. Due to manufacturer timelines, the bid specifications have been amended to allow for delivery 120 days after receipt of the formal bid award.
3. The original bid specifications for flooring have been modified to allow "Gray nonslip commercial grade type flooring with heat welded seams on the floor and step well areas".
