

Building E Loft Furniture Specifications

Intended Lounge Space Details

1. The intended space for this furniture will be in a student lounge/seating space in E Building of the Main Campus.
2. Furniture should promote a welcoming space for students to stay, study or engage with their peers.
3. Furniture should also be able to accommodate a flexible space for group work or student activities. Permanent furniture pieces are not ideal.
4. Please see provided floor diagram for location and overall shape. *Not shown in the diagram: The lounge space is partially divided with a curved half wall towards the east side of the space to create a divide walk way to food services

Furniture Specifications

1. All furniture upholstery, both fabric and vinyl, should be within a navy, gray, or light gray color scheme; red can be used as an accent color.
2. Any poly/hard surface furniture should be within a navy, gray or light gray color scheme.
