

POLICY 2.36: STUDENT COMPLAINTS

This policy helps resolve difficulties or problems encountered in college-related activities. A complaint procedure is available if you believe a Sandburg policy or practice is improper, unfair, results in an unsatisfactory learning environment, or if there's been a deviation from, misinterpretation of or a misapplication of a practice or policy. Potential concerns related to issues of discrimination, sexual misconduct or harassment are handled under a separate policy and its corresponding procedure.
