

ADMISSION SELECTION POINTS WORKSHEET

Sandburg's Practical Nursing program

The Practical Nursing Program has limited enrollment and a selection process for admission into the Program. After all admission eligibility requirements for placement into the selection pool have been satisfied and the applicant has applied online for the Practical Nursing Program, the Nursing Program uses the following point system for selection into the program. (Please note: if the student chooses to take BIO 211, they must also successfully complete BIO 212.) Top scorers receive conditional admission in ranking order based on seats available. We place all other eligible applicants on an alternate list in ranking order. If students have the exact total point count, we will rank them according to the date/time the Nursing application was submitted.
