KOC PARENT AGREEMENT 2026

To help ensure your child has a positive experience at Sandburg, **parental consent is required** regarding the following rules:

- I agree to pick up my child promptly after class.
- I give permission to Sandburg to video or photograph my child, relinquish all photographic rights and give permission to Sandburg, Sandburg's Community Education and Marketing departments to use my child's likeness as they deem appropriate.
- I give permission for my child to be transported to and from alternate class sites as necessary.
- I give permission to Sandburg to allow my child to use the internet for course exploration under adult supervision.
- I won't hold Sandburg or college personnel/agents responsible in the event of an accident or injury.
- I understand Sandburg isn't responsible for lost/damaged property.
- I understand Sandburg personnel aren't permitted to hold or administer any medication.
- I understand Sandburg may suspend or terminate my child from the program for any reason that's deemed harmful or disruptive to the other participants or for just cause. Refunds won't be granted if a child is suspended or terminated.
- I understand it's my responsibility to notify the college if the student has any physical or mental impairment or condition restricting their ability to participate in Kids on Campus in any way. I agree to provide an aide to assist my child if they require individual assistance.
- I understand that in an emergency, I'll be contacted as soon as possible at the phone number(s) below. If I'm not available, I've provided an alternate contact below.
- I authorize Sandburg staff to take whatever measures they deem necessary in the event of an emergency and to give my child emergency treatment at a local hospital or on site.

Carthage, IL 62321

COURSES

All About Camping & Hiking

Gear up for the ultimate outdoor adventure in All About Camping & Hiking! This hands-on class is perfect for young explorers who want to master the wild. We'll dive right into the gear, learning exactly how to pack a hiking backpack like a pro and set up a tent for a night under the stars. You'll even build your very own first-aid kit to keep in your pack and discover the secrets to safely building a campfire. From choosing the right supplies to being prepared for anything, you'll leave ready to lead the way on your next family trek.

All-Star Champs: All About Sports

Get ready to jump, run and score in All-Star Champs! This high-energy class is the perfect playground for young athletes to discover the thrill of the game. Participants will learn the basic fundamentals of four fan-favorites: basketball, football, baseball and soccer! This class is all about fun, fitness and finding a favorite sport.

Animal Habitats

Get ready to go wild in Animal Habitats! Pack your bags as we trek through the lush jungle, dive deep into the ocean and chill out in the icy arctic. We'll also explore the peaks of the mountains and forests and splash through rivers and streams to see who lives there. The best part? You'll get to build a mini-version of each habitat inside its own special box to take home and start your very own nature collection.

Brick Masters: LEGO® Engineering

Build, test and create like a pro! In this hands-on class, you'll use LEGO® bricks to design sturdy skyscrapers, strong bridges and cool machines. You'll learn the secrets of architecture and engineering by building structures that can stand tall and hold heavy weight. Grab your bricks and get ready to bring your biggest ideas to life.

Budding Architects: Gardening & Landscape Design

Step into the shoes of a professional designer and a master gardener! In this class, you'll learn how to plan and grow your own dream outdoor space. We'll dive into the basics of landscape design — learning how to map out paths, pick the perfect plants and balance colors — while getting our hands in the dirt to master planting techniques. You'll even get to create a miniature landscape model or a potted design to take home and show off your green thumb and creative eye.

Busy Hands: Crafty Creators

Get ready to get messy and creative in Busy Hands! This all-ages class is the perfect place to turn simple supplies into awesome art. We'll dive into hands-on projects like colorful fingerprint flowers, custom door hangers and even your very

own paper bag books! Whether you're making something to hang up at home or a special gift to share with others, there's always something fun to build. Come join the fun and see what your busy hands can do.

Canvas Painting: Otter-ly Awesome

Dive into art, and paint a cute otter swimming in the ocean! In this step-by-step class, you'll master color mixing, learn professional brush strokes and pick up cool painting secrets. Whether you're a beginner or a pro, you'll head home with an otter-ly adorable masterpiece ready to hang on your wall!

Creating Movement in Painting

Ready to ditch the brushes and get your hands messy? In this high-energy class, you'll become a finger-painting pro! Inspired by the amazing artist Iris Scott, you'll create your very own "shaking dog" masterpiece. We'll show you how to capture dynamic movement using just your fingertips and some epic splatter techniques to make the water fly off the canvas. It's colorful, it's fast-paced, and it's going to be a total blast — come make some waves with us!

Creative Crew: Fun Crafters

Get ready to turn ordinary supplies into extraordinary masterpieces in Fun Crafters. We'll design dazzling pictures, paint pretty rocks and craft custom cards for friends. The best part? You'll even create a brand-new bear friend to take home! Come get messy, get creative, and make something amazing.

Diamond Art: Sparkle & Shine

Get ready to create some serious "bling" in this dazzling craft class! Diamond Art is like paint-by-number, but with extra sparkle. You'll learn how to use special tools to place colorful, shimmering gems onto a sticky canvas to reveal a spectacular masterpiece. It's a relaxing and fun way to create a glowing work of art that's ready to frame and display.

Gross Science: Messy Experiments

Get ready to get messy in the name of science! We're making things fizz, pop and swirl all week long. You'll hatch fizzy dino eggs, create magic milk art and play with mind-bending Oobleck. Things really get exciting with exploding baggies and sun-powered silhouette prints. It's 100% hands-on and 100% gross!

Journaling Journey: Unlock Your Story

Ready to become the author of your own life? The Journaling Journey is the ultimate home base for young writers to dive into the art of writing and discover what makes them awesome. We're moving beyond the basics to help you find the joy in expressing yourself and uncovering your own

unique voice. Each day, we'll tackle a new, epic topic. Grab a notebook and get ready to see your world in a whole new way — one page at a time.

Junior Black Belts

Kick into gear with Junior Black Belts! This class is all about leveling up your skills with fast-paced combination drills, epic kicking and punching practice, and games that supercharge your agility. You won't just move like a pro; you'll also become a martial arts expert by uncovering the history of karate. Get ready to sweat, learn and have a blast!

Kickstart Spanish

Ready to speak a new language? Kickstart Spanish is the perfect way to begin your journey! You'll dive into the basics through high-energy games, catchy songs and fun conversations. We'll cover everything from greetings and colors to numbers and common phrases, giving you the confidence to start chatting in Spanish right away. It's "fantástico" fun for everyone!

Paws, Claws and Colorful Layers

Step into the vibrant world of animal art! In this high-energy class, you'll pick your favorite creature — whether it has paws or claws — and bring it to life as a colorful masterpiece. You'll become a pro at mastering the soft, blendable world of pastels, learning how to layer bright colors and smooth textures to make your animal pop off the page. Come get your hands a little messy and leave with a work of art that's totally "paws-ome"!

Pillow Party: Fabric Masterpieces

Turn your imagination into something cozy in Creating Your Own Pillow! Designed for grades 2-6, this hands-on class teaches you how to transform a 12x12 fabric masterpiece into a real, squishy pillow. You'll design your fabric and learn the secrets to stuffing and finishing your very own creation to take home. It's the perfect way to add a pop of handmade style to your room.

STEM Explorer Academy

Become a master maker as you tackle the Engineering Design Process! We'll launch water bottle rockets, test the strength of popsicle stick bridges and even cook snacks in solar ovens. From building giant marble runs to engineering bug hotels, you'll ask, imagine and create your way through the week's coolest challenges.

Under the Sea

Dive into an underwater adventure in Under the Sea! This class explores the incredible secrets of sharks, octopuses and eels, jellyfish, sea turtles, coral reefs and more. The highlight of the class will be constructing your own coral reef as you learn about the life Under the Sea.

CLASS CHOICES

Please number 1-3 of your choices, with 1 being your first choice, for each time slot.

9 a.m.

_____ Budding Architects (CKS C01 650)
