

## Carl Sandburg College's Dental Hygiene Program's Admission Selection Points Worksheet

The Dental Hygiene Program has limited enrollment and a selection process for admission into the Program. After all admission eligibility requirements for placement into the selection pool have been satisfied and applicant has applied online for the Dental Hygiene Program, the Dental Hygiene Program uses the following point system for selection into the program. Top scorers receive conditional admission in ranking order based on cooperative agreement seats available. We place all other eligible applicants on an alternate list in ranking order. If students have the same total point count, we will rank according to the date/time that the Dental Hygiene application was submitted.
