

This is a tentative plan for AAHS students to complete one year of an Associate of Arts degree in high school, then enroll at Sandburg for another year to complete the degree. Courses may vary based on instructor availability.

This is a plan for the **AA degree only**. Students who desire an AS degree must meet with a Sandburg academic advisor to develop an individual plan. There is no guarantee an AAHS student could complete an AS degree within the 1 + 1 program due to specifically required classes.

AAHS students will take these courses online, at Sandburg’s campus, or at AAHS depending on instructor availability.

Students taking dual credit courses must meet Sandburg admissions standards and complete the [steps to enroll](#).
